TABLE OF CONTENTS

I. INTRODUCTION..... 1

II. ADDITIONAL DATA BOOK INFORMATION..... 2

APPENDICES

- Appendix A1: Physician Services Detail for Each Rate Cell for CY 2008, CY2009, and C2010
- Appendix A2: Mental Health Center Services Detail for Each Rate Cell for CY 2008, CY2009, and C2010
- Appendix A3: Prescription Drugs Services Detail for Each Rate Cell for CY 2008, CY2009, and C2010
- Appendix A4: Hospital Inpatient Services Detail for Each Rate Cell for CY 2008, CY2009, and C2010
- Appendix C1: Revised Claims Probability Distribution by Eligibility Category for CY 2008, CY2009, and C2010
- Appendix G1: Revised Hospice Claims Information
- Appendix I1: Revised Cost Proposal Template

ATTACHMENTS

- Attachment 1: Current Procedural Terminology (CPT) Fourth Edition Code Groupings for Physician Services Detail
- Attachment 2: Current Procedural Terminology (CPT) Fourth Edition Code Groupings for Mental Health Services Detail

I. INTRODUCTION

The State Legislature passed SB 147 that directed the Department of Health and Human Services (DHHS) to develop a comprehensive statewide care management program for all Medicaid enrollees. The program is to focus on improving the value, quality, and efficiency of services provided in the Medicaid program, stimulate innovation and generate savings for the Medicaid program. SB 147 called for DHHS to select fully at risk Bidders to provide managed care services and set the target date of July 1, 2012 for the launch of the new Care Management Program.

This document is an Addendum to the original data book published by DHHS on November 1, 2011.

CAVEATS AND LIMITATIONS ON USE

This information is intended for the internal use of the New Hampshire Department of Health and Human Services (DHHS) and it should not be distributed, in whole or in part, to any external party without the prior written permission of Milliman. We do not intend this information to benefit any third party, even if we permit the distribution of our work product to such third party.

DHHS may distribute this report to any potential bidders, as required by the RFP #12-DHHS-CM-01. DHHS may post this report on its website, provided such work product is posted in its entirety.

This report assumes that the reader is familiar with New Hampshire Medicaid eligibility and reimbursement, and actuarial analysis. The results of this report are technical in nature and are dependent upon specific assumptions and methods. No party should rely on these results without a thorough understanding of those assumptions and methods. Such an understanding may require consultation with qualified professionals. This material should only be reviewed in its entirety.

This report was prepared to provide DHHS with a data book to be used by bidding MCO to prepare their cost proposal. This information may not be appropriate, and should not be used, for other purposes.

In preparing this information, we relied on information provided by DHHS. We accepted this information without audit but reviewed the information for general reasonableness. Our results and conclusions may not be appropriate if this information is not accurate.

The authors of this report are Actuaries for Milliman and members of the American Academy of Actuaries and meet the Qualification Standards of the Academy to render the actuarial opinion contained herein. To the best of their knowledge and belief, this report is complete and accurate and has been prepared in accordance with generally recognized and accepted actuarial principles and practices.

The terms of Milliman's contract with the New Hampshire Institute for Health Policy and Practice signed on September 26, 2011 apply to this report and its use.

II. ADDITIONAL DATA BOOK INFORMATION

Based on questions and comments from several managed care organizations (MCOs), DHHS decided to provide potential bidders with additional information to help in preparing their cost proposal for #12-DHHS-CM-01.

Physician Services Details:

More detailed expenditure summaries are provided for the physician service line found in Appendix A of the original data book. We developed a more detailed breakout for each rate cell and experience year, consistent with our original data book. We used the procedure code list included in Attachment 1 of the Addendum to classify physician services.

The detailed physician services breakout is shown in Appendix A1.

Mental Health Center Services Details:

More detailed expenditure summaries are provided for the mental health center service line found in Appendix A of the original data book. We developed a more detailed breakout for each rate cell and experience year, consistent with our original data book. We used the procedure code list included in Attachment 2 of the Addendum to classify mental health center services.

The detailed mental health center services breakout is shown in Appendix A2.

Prescription Drug Services Details:

More detailed expenditure summaries are provided for the prescription drug service line found in Appendix A of the original data book. We developed a more detailed breakout for each rate cell and experience year, consistent with our original data book. We used NDC code to map prescription drug claims into one of the following categories:

- > Generic,
- > Single Source Brand
- > Multi Source Brand
- > Over-the-Counter
- > Unknown

The information used in producing this prescription drug breakout is leased by Milliman and therefore, cannot be provided as part of this Addendum.

The detailed prescription drug services breakout is shown in Appendix A3.

Hospital Inpatient Utilization Statistics:

More detailed utilization statistics are provided for the hospital inpatient service lines found in Appendix A of the original data book. We developed more detailed inpatient admissions per thousand and days per thousand statistics for each rate cell and experience year, consistent with our original data book. Note that the hospital inpatient utilization provided in the original data book Appendix A is based on the units field included in the MMIS data and does not represent admissions or days.

The detailed hospital inpatient utilization statistics are shown in Appendix A4.

Revised Claims Probability Distribution:

We identified small errors in the Claims Probability Distributions shown in Appendix C of the original data book. We made corrections to our original appendices and are providing revised information in this addendum.

The revised Claims Probability Distributions are shown in Appendix C1.

Revised Hospice Claims Information:

The “Unknown” category in the original Appendix G represents individuals for whom an eligibility record for the month the hospice claim was incurred was unavailable.

We worked with DHHS to improve the eligibility match and were able to reduce the “Unknown” category from 37% of the total Hospice claims information to about 8%.

The revised Hospice Claims Information is shown in Appendix G1.

Maternity and Newborn Kick Payment:

Table 1 below shows the completion factors (CFs) for the Maternity and Newborn Kick Payment by major service category for each year of data provided in the original data book. Similar to the CFs shown in the original data book, we used Milliman’s *Claim Reserve Estimation Workbook (CREW)* to calculate these completion factors.

Table 1 New Hampshire Department of Health and Human Services Cost Proposal Instructions and Data Book Completion Factors by Service Category for CY 2008, CY2009, and CY2010			
Service Category	CY 2008	CY 2009	CY 2010
Maternity Kick Payment			
Hospital Inpatient Services	1.0000	1.0000	0.9981
Hospital Outpatient Services	1.0000	1.0000	1.0000
Physician Services	1.0000	1.0000	0.9981
Prescription Drugs	1.0000	1.0000	1.0000
Other Services	1.0000	1.0000	1.0000
All Services	1.0000	1.0000	0.9981
Newborn Kick Payment			
Hospital Inpatient Services	1.0000	1.0000	0.9964
Hospital Outpatient Services	1.0000	1.0000	0.9945
Physician Services	1.0000	1.0000	0.9909
Prescription Drugs	1.0000	1.0000	1.0000
Other Services	1.0000	1.0000	0.9906
All Services	1.0000	1.0000	0.9948

Vaginal vs. C-Section Deliveries:

We are providing the split between vaginal and C-section deliveries included in the Maternity Kick Payment.

Table 2 below shows the distribution of delivery by type for each of the experience data years.

Table 2 New Hampshire Department of Health and Human Services Cost Proposal Instructions and Data Book Distribution of Deliveries by Type for CY 2008, CY2009, and CY2010			
Delivery Type	CY 2008	CY 2009	CY 2010
Vaginal	73%	72%	73%
Cesarean Section	27%	28%	27%
Total	100%	100%	100%

Inpatient and Outpatient Groupings:

We are providing the grouping of hospital inpatient services by MS-DRG v28 in Table 3 and hospital outpatient services by revenue code in Table 4.

Table 3 New Hampshire Department of Health and Human Services Cost Proposal Instructions and Data Book Hospital Inpatient Service Groupings by DRG Code

Revised Cost Proposal Template:

Appendix I1 includes the revised cost proposal template with a separate line for the price of the Statement on Standards for Attestation Engagements (SSAE) attestation during the term of the contract.

Units Used in Appendix A:

The units of service shown in the data book reflect the units field found in the MMIS system unless noted otherwise (e.g.: Appendix A4).

Note Regarding Appendix D:

The provider Type “RHC” should be labeled “Federally Qualified and Rural Health Centers”.
